NATIONAL POLICY ON WOMEN'S ECONOMIC EMPOWERMENT

POLICY OBJECTIVES

Create a conducive policy environment that will guide women's economic empowerment programmes in Kenya.

Reduce gender disparities and vulnerabilities that impede the economic empowerment of women in all spheres and at all levels.

Strengthen coordination and partnerships among stakeholders to enhance women's economic empowerment.

Promote women's access to and utilization of economic resources.

Provide a gender-responsive framework to cushion women against the adverse impacts of climate change and humanitarian crises.

Strengthen production, availability and use of gender statistics for women's economic empowerment.
